

Year 1 Science Knowledge Orgainser: Animals (including humans)

Key Learning

- To identify and name common animals.
- To identify carnivores, herbivores and omnivores.
- To name, draw and label parts of the human body.

Key Words

Amphibian	Amphibians live in the water as babies and on land as they grow older. They have smooth, slimy skin.
Bird	All birds have a beak, two legs, feathers and wings.
Fish	Fish live and breathe under water. They have scaly skin, fins to help them swim.
Mammals	Mammals are animals that breathe air, grow hair or fur and feed on their mother's milk as a baby.
Reptiles	All reptiles breathe air. They have scales on their skin.

The 5 senses are linked to different parts of the human body.
