

Write a story about a knight or a dragon at a castle. Who would be your main character and what would be the problem that they faced? Use lots of descriptive language to help the reader picture the story.

Draw a picture of a castle and label it.

Find out about a specific castle such as Framlingham Castle. What features does it have? When was it built? Who lived there?

Create a fact file about the life within a castle or the life of the castle?

Choose a continent and find out about it. Create a fact file including:
Name of the continent
Which ocean(s) surround it

Countries you can find there

Whether it is near the Equator

Is it generally hot or cold?

Draw or label it on a world map

Castles/ Around the UK

Autumn 1

Please choose one activity to complete this term. If you would prefer to do something else which links to our castles topic or around the UK topic, please do so. Homework which is flat and no bigger than A3 can be brought in at any point. Any large or 3D work should be saved and brought in on **Friday 20th November** ahead of our homework exhibition the following week. If you would like to bring in photos of your homework, we can display these in class.

Thank you!

If you were to build your own castle, what would it look like and why?

Draw a picture and explain why you've made the choices you have with labels.

Create a six-stop world journey, visiting one place in each inhabited continent. For each stop, children record:

Continent

Country

Whether it is near/far from the Equator

Hot or cold?

Nearby ocean

Become a map maker and design a map showing an exciting journey around the United Kingdom.

Your map should include:

The 4 countries of the UK

England

Scotland

Wales

Northern Ireland

The 4 capital cities

London

Edinburgh

Cardiff

Belfast
